MIGUEL BOMFIM

FRONTEND DEVELOPER

I have worked as Technical Support, which contributed a lot to improving my problem-solving skills. After 1 year in this area I made a career transition to Frontend development where I have been working for 3 years. My expertise includes **JavaScript**, **React**, among other JavaScript frameworks and libraries.

EXPERIENCES

Compass UOL – Frontend Developer
10/2020 - 06/2023

Development of interactive components and functionalities using the React framework. Web Development. Responsive Design. Version control systems.

HostGator – Technical Support
03/2020 - 10/2020

Customer support. Website hosting configuration.

Intelbras – Technical Support
10/2018 - 03/2019

Customer support. Configuration of CCTV equipment. Network configuration.

PROJECTS

Guided Selling ([Project Link](#))
Project developed for the company Natura & Co. A purchasing guide quiz that at the end indicates a product based on the answers.

TECHNOLOGIES: ReactJS, NextJS, Typescript, JestJS, Natds-js

Photography Portfolio ([Project Link](#))
